Anniversary Sale

"This month we are eighteen years old."

We first opened our doors in 1903. We worried and struggled through a most try-situation, but after a while things ran more smoothly and we began to grow. Our promise to you in 1903 was that we would "give you the best values possible for your money," and this promise we are filling today.

Some of our customers today have been with us from the first day and we sincerely thank them and the many others who have helped us to make this store what we always wished it to be.

"The store where you get the very best possible values for your money."

Watch for Posters in a few days

Baseball Championship Game Next Wednesday

The baseball championship games scheduled to be played at Calgary last Saturday were postponed on account of bad weather.

It has now been decided by the authorities that these games should be played on Wednesday afternoon, Sept. 21st, at Victoria Park Calgary.

The locals are going to practice steadily from now on and the Med. team that aggregation is also working hard. Whoever wins the Intermediate Championship will deserve it.

Mr. E. E. Freeman has a few tickets for sale. These tickets admit the holders to all three championship games and the local club retains the proceeds to help to pay their expenses. Buy one and help them along.

A large number of business men would like to have a civic holiday proclaimed for half a day on Wednesday Sept. 21st, to allow them to attend the games, and no doubt when Mayor Chambers knows their feelings he will proclaim at least a half holiday.

All lovers of good clean sport and the local baseball fans should make it a point to go to Calgary and boost the boys to victory.

In Five Years

How much do you spend in a week on trifles you would never miss?—About three dollars? That amount, deposited every week for five years, would amount to \$841.02.

Inquest Held on Death of Little Mabel Nettney

An inquest was held on Monday night by Dr. J. L. Clarke, Coroner for this district to enquire into the death of Mabel Nettney, aged 11 years and 8 months who lived with her parents south of Elkton and whose death took place early on Sunday morning after an illness lasting from Thursday but the cause of which was not known as no medical attention had been procured for her.

Const. Jarman, of the Alberta Provincial Police force handled the case, for the Crown and summoned Messrs J. M. Reed, J. V. Berscht, A. G. Stuber, W. O. Zimmerman, Parker R. Reed and H. E. Osmond to act as jurors, J. M. Reed acting as foreman. The inquest was held in the Rosebud Hotel.

Evidence was taken from the parents, Mr. and Mrs. Nettney; grand father, Mr. Bahm; and aunt, Mrs. O. Bahm. The evidence secured plainly showed that every means was taken with simple home remedies to assist the child who was subject to croup and which the relatives thought was the cause of her illness. They were in poor financial circumstances and did not think it was necessary to call a doctor until it was too late, the child dying early on Sunday morning.

Dr. W. G. Evans conducted the post-mortem examination and gave evidence that all the organs of the body were in a healthy and well nourished condition but that he found diphtheria to be the cause of death.

After the evidence was all in the jury retired to consider the evidence and brought in the following verdict.

We, the undersigned jury appointed to hear the evidence in regard to the cause of death of Mabel Nettney,

after carefully considering said evidence, unanimously agreed that death was caused by diphtheria shown by the post-mortem examination. There was apparently negligence shown by the evidence in not calling medical aid. The parents are in very poor financial circumstances and seemed grossly ignorant and did not seem to realize the seriousness of the condition of the deceased and consequently we strongly recommend that mercy be shown.—Signed by the jury.

The Coroner called the relatives and read them the verdict after which he addressed them and strongly reprimanded them for their negligence in not calling in medical attention for the child, stating that under the law it was a criminal offence to do this and that a charge of manslaughter could be laid against them. He also emphasized the fact that there is no need for anyone to neglect this serious duty because of poor financial circumstances because provision is made by law to help such cases as this by calling in the Provincial Police who will investigate and if found that circumstances require medical aid it will be provided at once and the charges made against the municipality. He stated that as far as this court was concerned the court was now closed but the evidence would have to be submitted to the Attorney-General's department.

The jury was then dismissed after sitting from 10 p. m. to 2:30 a. m. No adjournment was taken in consideration of the fact that all the parties in the case live 25 miles southwest of Didsbury and the jury felt that it should be finished up as quickly as possible and not tying in the witnesses this long distance again.

NOTICE

IN THE ESTATE of Albert Carter Barkhurst, late of Edgewood in the Province of Alberta, farmer, deceased.

NOTICE is hereby given that creditors

and others having claims against the estate of the above named Albert Carter Barkhurst, who died on or about the 21st day of October, 1915, are required to appear before the 21st day of October, 1921, to deliver to the undersigned, the Administrator of the said estate, full particulars of their claims, and the nature of the securities if any, held by them.

Further, take notice that after such last mentioned date the said Administrator will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice.

Dated this 7th day of September, 1921.

A. G. Brewling, Administrator,
Government Buildings, Edmonton,
209.

Millinery Opening

Carstairs, Sept. 17th
Oids, Sept. 20th

All ladies are very cordially invited to attend.

MRS. H. W. CURRY

NOTICE

Tax Recovery Act

Take notice that the following land has been sold by the Municipal District of Mountain View No. 319, Alberta, on account of nonpayment of taxes, and the year allowed for redemption will expire on the 15th day of November, 1921.

South West Quarter Section 28, Township 21, Range 1, West of the 5th Meridian.

If you wish to contest the legality of the sale of such lands, you should immediately make application to the Judge of the District Court of the Judicial District within which the land is situated, for an order staying the issue of a certificate of title to the purchaser of such lands.

Dated this 29th day of August 1921, at Didsbury Alta.,
Alfred Brunen.

Secretary Treasurer Municipal District of Mountain View No. 319.

Crop Conditions Good In District

The storm of rain and snow which started last Thursday night was a great surprise coming so sudden after the extremely fine season we have had and it put a stop to harvesting operations for some days. However, as the season was about two weeks earlier this year harvesting was almost completed, very little more grain having to be cut. The yield promises to be equally as good if not a little better than the average according to information. One of the wonders of the climate has been shown to us this year by

dition of the crops. The first of the crop season gave us cold shivers because of the intense hot dry weather, even the grass for which this district is noted was shrivelled up and the hay crop looked as though it would be a complete failure. The rain started in July and we have had quite a little moisture since which has changed the complexion of the whole district, and some of the finest hay and grain ever grown here is the result. The frosts of the last few days have made the potato growers hustle their hides to get in their crops but so far it is not thought that any damage has been done.

Open Portals: May They Never Close

At a time when the great question of world disarmament is engaging the attention of the leading nations, and on the eve of the assembling of the Washington Conference to deal with the subject, it was most appropriate that some tangible recognition of the world's greatest experiment in disarmament should be made. This was done on September 24, 1914, on the Canada-United States border between the Province of British Columbia and the State of Washington when the gates of the great International Peace Arch, erected at a cost of \$100,000, were thrown open at an impressive ceremony.

This magnificent Peace Arch commemorates one hundred years of peace between Great Britain and the United States. Following the war of 1812, a peace treaty was signed at Ghent, Belgium, on December 24, 1814, and by the provisions of that treaty it was provided that neither Great Britain nor the United States should erect fortifications along the boundary line between their respective territories, nor would either country maintain vessels of war on the Great Lakes. In other words, it was mutually agreed that along the whole 3,000 mile boundary neither country would make or maintain any warlike preparation against the other. Both countries disarmed absolutely so far as they were concerned.

For over one hundred years that pact has been kept unbroken despite the many complex questions and differences of opinion which have at various times arisen between the two nations, as it is inevitable they should develop where there is so much in common and where the interests of one is bound on occasion to clash with the interests of the other.

But if the two wealthiest and most powerful nations in the world, both financially and commercially, aggressive, could wholly disarm in so far as the relations of one to the other were concerned; surely it is within the field of practical international politics for all the great nations to follow their example, and thereby not only relieve their people from the crushing burden of armaments but remove the greatest of all incentives to war, namely, active preparation for it, leading to a rivalry in warlike preparation which cannot but finally end in putting these great machines of destruction to the use for which they were built.

Imagine what the cost to Great Britain, Canada and the United States would have been during the past one hundred years if each had maintained great fortifications along a 3,000 mile boundary line, rival fleets of war on the Great Lakes and Atlantic and Pacific coasts, and standing armies ready to fly at each other's throats! And had such preparations for war been made, it is not merely possible, but probable that on occasions in the past when relations became delicate and somewhat strained, recourse would have been had to the rifle and cannon rather than to the peaceful means of arbitration? And what has been possible on the North American continent is surely at least worth a fair trial in Europe and between all countries.

The ceremonies attendant on the opening of this International Peace Arch were not only impressive, but provided a sound guarantee of a maintenance of those friendly relations under which both countries have prospered. The longer the peace remains unbroken, the less likelihood there is that it ever will be broken. That old treaty of Ghent still stands, but it has been buttressed in these later years by a second treaty between the two countries which provides that all causes of dispute between them shall be submitted to an impartial court of arbitration.

At the opening ceremony the United States flag on the Arch was raised by a British Columbia girl and the British flag by an American girl. Emphasizing the common ancestry of both people, the ceremony took place on the same date as that on which the Pilgrim Fathers went on board the Mayflower. The Arch itself carries across the plinth on the United States side the words, "Children of a Common Mother," and on the Canadian side, "Brothers Dwelling Together in Unity." The doors of the great Arch bear the inscription "Open for One Hundred Years; May These Doors Never Be Closed."

This wish will find an echo in the hearts of all British and United States subjects, coupled with an ardent desire that disarmament may not be confined to these two great English-speaking nations, but that it may be extended to include all nations, races and languages until open portals stand on all international boundary lines testifying to the real brotherhood of man.

WHEN WOMEN SUFFER

Look for weakness or ill-health. See if there is not a side ache, headache, restlessness and the "blues". The symptoms often attend the gentle assistance of Dr. Hamilton's Pills. This soothing medicine is a great friend to women. They are a wonderful relief to constipation, they clear up sick headache, remove wastes and poisons. Girls and women can use Dr. Hamilton's Pills with great success. Thousands use no other medicine and rely solely upon Dr. Hamilton's Pills to regulate the system and keep it in smooth running order, etc. all dealers or The Canadian Dispensary, Montreal.

Swiss Have No Language

Public Documents are Printed in French and German.

The official languages of Switzerland are French, Italian and German, but Switzerland has no language of its own. A majority of the people speak German, while the others use French and Italian, varying as a rule according to the proximity of the people to each country whose language they speak. Public documents and notices are printed in the French and German languages. In the Swiss national parliament the members make their speeches either in French or German, the members being as familiar with one language as the other. Statements from the president of Switzerland are furnished to the newspapers in both languages.

Use **MURINE** at Night to Keep Your Eyes Bright and Clear.

Would Capitalize B. C. Scenic Beauties

Capitalizing the scenic beauties of British Columbia by building government hotels at attractive points in the province, improvement of roads and motor facilities, and opening of government tourist bureaus in the most important cities at which tourists could buy strip tickets to points of interest and thus be kept within the province, is being considered by the provincial government, following representations made by prominent citizens.

Could Hardly Live for Asthma. Writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This remedy gives sure help in all afflictions with asthma. Inhalant as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler.

The celebration of May-day is a relic of Druidism.

Mothers Value this Oil.—Mothers who know how suddenly creep may seize their children and how necessary prompt action is in applying relief, always keep at hand a supply of Dr. Thomas' Electric Balm, because this experience has taught them that this is an excellent preparation for all the troubles of children. And they are wise for its various uses make it a valuable medicine.

Bing—I heard that your old man died of hard drink.

Ding—Yes, poor fellow. A cake of ice dropped on his head.—Nebraska Argonaut.

A pitchfork with removable tines which can be replaced if broken has been patented by a Canadian inventor.

Beauty of Skin Enhanced by Cuticura

When used for every-day toilet purposes Cuticura keeps the complexion fresh and clear, hands soft and white and hair fine and glossy. The Soap to cleanse and purify, the Ointment to soothe and heal and the Talcum to powder and perfume. **Seize the Golden Thread of Youth.** Sold throughout the Dominion. Canadian Dispensary, Limited, 24 St. Paul St., Montreal. **Cuticura Soap saves without soap.**

Helped Soldiers' Dependents. The Saskatchewan Branch of the Canadian Patriotic Fund distributed \$61,350 during the twelve months ending July 31st.

At the Yarmouth V. M. C. A. Boys Camp, held at Tusket Falls in August, I found Minard's Liniment most beneficial for sunburn, an immediate relief for colic and toothache. **Alfred Stocks, General Sec'y.**

The Price. Willie's Mother—Willie, will you keep quiet for a bit? Willie—I will for two bits, mother.

Cramps! Cramps! Cramps! How To Stop Them Quick

When you have cramps, it is a mighty quick relief that you want Good Oil (Nervine) is sure as death to relieve cramps in a hurry. Just a few drops in sweetened water and the pain is gone. Buy a bottle of Good Oil (Nervine) to-day and keep it handy. Nervine is a common household necessity, and it is so useful in case of sudden illness at night, or when cramps, nausea, diarrhea, vomiting or the like occur. Sold everywhere in large 35 cent bottles.

Big Lumber Cut. The Secretary of the Mountain Lumber Association states that the production of the Mountain Mills for the first six months in 1921 was approximately one hundred million feet and the shipments over that period roughly totaled seventy-five million feet.

PAINFUL NEURALGIA TORTURING SCIATICA

Both Come From the Same Cause—

Thin, Watery Blood. Most people think of neuralgia as a pain in the head or face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The pain in neuralgia is caused by irritation of the blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but real relief from the trouble comes by enriching and purifying the blood. For this purpose Dr. Williams' Pink Pills are strongly recommended. These pills make new, rich blood and thus act as a most effective nerve tonic. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and note the ease and comfort that follows their use. You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 30 cents a box or six boxes for \$2.50 from Dr. J. C. Williams' Medicine Co., Brockville, Ont.

The number of women employed in shops and factories in the Argentine Republic has doubled within the past five years.

Ask for Minard's and take no other

Elevators in Manitoba

Expected That System Will Handle Five Million Bushels of Grain This Season.

One hundred government elevators with an average capacity of about twenty-five thousand bushels each, or an aggregate capacity of 2,500,000 bushels, are taking care of their share of this year's crop in Manitoba. These elevators usually fill up about twice at least during the season, so that they will actually handle approximately five million bushels of Manitoba grain this fall. Practically all of this will be wheat.

In all, there are 702 country elevators in Manitoba with a total capacity of 22,226,000 bushels, besides five large interior storage elevators capable of holding an additional 2,300,000 bushels of grain.

A pessimist is one who is always expecting bad luck and is surprised when it comes.

Separation, But No Alimony

A peaceful, quiet separation, no divorce, no money, no happy again—that's the situation when you divorce your corn. See Putnam's Corn Extract. Acts like magic, no pain, no failure, success every time. Refuse a substitute for "Putnam's," 25c everywhere.

World's Smallest Railway

Independent Little Line in Highlands of Cumberland.

Canadian visitors to Europe, on landing at Liverpool or Southampton, are at once struck by the small size of British locomotives as compared with the mighty machines in American railway operation. Their astonishment, not unshared with amusement, is, however, soon supplemented by admiration for the excellent running made on the English main lines, but House's linearity takes him into the highlands and highlands of Cumberland and he will there find an independent little line which is said to be "the smallest public railway in the world." This line is known as the Eskdale Railway, and is seven and one-eighth miles in length. The rail gauge is one of fifteen inches only. It is leased to a London company—Narrow Gauge Railways, Limited. The passenger service is carried on by a single express engine, built to a scale of one-quarter the size of ordinary British main line locomotives, but in other respects exactly the same in construction and appearance.

Miller's Worm Powders not only make the infestible system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worms-infested stomachs may be in, they will show improvement as soon as the treatment begins.

The stick insect of Borneo is the largest insect known. Specimens 13 inches in length have been captured. The insect exactly resembles a piece of rough stick.

Constipation Vanishes Forever

Prompt—Permanent—Relief CARTER'S LITTLE LIVER PILLS never fail. Purely vegetable—act surely but gently on the liver. Stop after dinner. McGilivray's—correct indigestion, improve the complexion—brighten the eyes. Small Pill—Small Dose—Small Price

Manitoba Good Roads

Two Million Dollars Expended on Work This Season.

Work costing \$2,000,000 will have been done on roads in Manitoba this year by the time the freeze-up comes, according to A. McGilivray, highways commissioner for the province. Practically all over the province travelling has been going on and many miles of grade will have been completed by the end of the season.

ASPIRIN Only "Bayer" is Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Then you will be following the directions and dosage worked out by physicians during twenty-one years and proved safe by millions. Handy tin boxes of twelve Bayer Aspirin cost very few cents. Druggists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocellulose and Salicylic Acid.

CLARK'S

Canadian Boiled Dinner And Other Good Things

For Tired Housewives

No potatoes to peel—no vegetables to prepare—no long cooking over a hot stove—simply heat and serve **CLARK'S CANADIAN BOILED DINNER**

A complete and delicious dish well cooked and well seasoned in the great Clark Kitchens — Like all "CLARK GOOD THINGS" the cost is modest.

Good as any time—essential for the unexpected guest. Keep an assortment of "Clark Good Things" on hand.

Made from Canadian Farm Produce and sold everywhere in Canada.

CLARK'S CANADIAN BOILED DINNER

Heavy Hail Damage

Damage from hail this year is considerably above the average, according to J. H. Malcolin, chairman of the municipal hail insurance board of the province. The estimates of the hail board are practically complete and will be presented at the annual fall meeting of the board to be held in Calgary on September 15th. Mr. Malcolin stated that until that time he could not make public the exact figures of the loss. However, he did express the opinion that this year's figures would be considerably above last year's and added that for the past three years damage from hail has been below the average, but that this year it has been above the average. A fairly large percentage of the loss was, he stated, sustained in the hail storm of August 9th, that swept over the district from Crossfield to Gleichen.

Chilled Beef Shipment A Success

Canadian chilled beef which was shipped to the English markets recently was very favorably commented on by the trade and in view of the interest which is being aroused through the activities of the special committee appointed by the F. P. A. the following extracts from a report from Canadian Trade Commissioner Watson, appearing in the Trade and Commerce Bulletin are especially valuable.

He says the shipment of about 1,000 quarters of Ontario beef, slaughtered at Toronto, July 11, by the Harris Abattoir company and dispatched immediately to Montreal to catch the steamer Megantic, and landed in Liverpool on July 25th, a ten day trip. The beef was transported throughout at a temperature which did not fall below the freezing point, the condition was practically that of fresh killed beef and arrived in excellent condition.

The disposition of the shipment was handled by a firm operating extensively in frozen and chilled meats of all kinds, and the members of the firm in charge of the shipment above gave the following report:

"Following our chat last week I can now give you some account of the chilled beef per Megantic from Canada. The shipment consisted of about 1,000 quarters of prime corn-fed steers and arrived in Liverpool in first rate condition being perfectly chilled but without any trace of frost. This ensures it cutting up without dripping which frozen meat always does after thawing.

"A relatively small quantity was marketed in Liverpool and Manchester but the bulk was railled to London. The weather was extremely hot and the journey detracted considerably from the appearance of the beef on arrival. In spite of this it sold readily at about 10 per cent. more than the best Argentine chilled beef.

"The best feature is the fact that all the butchers who purchased the beef were delighted with it and will buy it regularly if the supply is available. I am of opinion that if the beef were shipped direct to London and the trade could rely on a regular weekly supply that prices would be obtained approximating more nearly to English-killed beef than at present.

Taft Refers To Debt That The U. S. Owes To British Law

Ottawa.—William Howard Taft, chief justice of the United States, speaking before the Canadian Bar Association here paid tribute to British law and to British lawyers, and declared that "the thought of the British law was always sweet, as it must be, to all those in the United States who realize the debt the United States owe to British law." Mr. Taft was greeted with continued cheering at the conclusion, and a resolution commending him on his appointment to the chief justiceship of the United States, proposed by Justice Riddell, Toronto, carried unanimously.

"I feel like saying: 'How I am again,' Mr. Taft commenced. 'I have the home feeling here. In Ottawa I must have been given them with the same feeling as I do people in New Haven, New York and even Washington. I have no feeling of a boundary line at all. I have been in politics and abused on both sides of the line. I have sat on the bench on both sides and have realized in those years the errors of each.' It was an honor for the American bar to have that representatives invited to attend the Canadian Bar Association meeting. It made for the freer establishment of the friendship which did not exist between the two countries."

Commending the Canadian Bar Association, Mr. Taft said the American Bar Association regarded itself as the parent of the Canadian Association inasmuch as the Canadian Association of the American Association in Montreal in 1914 first brought the idea to the profession in Canada.

In the United States they were attempting to secure 15 additional district judges to deal with the cases arising out of the 18th amendment. This remark brought another outburst of laughter, which was renewed when Mr. Taft explained that these judges would be used as judicial light cavalry and would be assigned where the need of law was greatest.

Donation-Wide Amalgamation.
Vancouver, B.C.—A resolution asking that Dominion-wide plans for amalgamation be proceeded with immediately, was unanimously passed here at a meeting of the executive of the Great War Veterans Association, the Army and Navy Veterans and the Grand Army of United Veterans.

It will be seen that all Dominion commands.

Find Graphite In B.C.
Prince Rupert, B.C.—Dr. Snowball of Los Angeles, reports the discovery of graphite near Selkirk, on the Skeena River, B.C. The ledge is 1,200 feet wide and six miles long.

TOO ILL TO GO TO SCHOOL

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Coburn, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble with her bowels, which left her in a weak and nervous condition, with weak back and pain in her legs. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood-Medicine. Mrs. John Toms, Hall St., Coburn, Ont., standing all day, or sitting in cramped positions, young girls contract deranged conditions, and develop headaches, backache, irregularities, nervousness and beating-down pains, all of which are symptoms of woman's life. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial."

Sinn Fein Invited

To Conference

British Cabinet Insists That Ireland Must Remain Within Empire.

LONDON.—The British Cabinet has invited Mr. de Valera to send delegates to a conference with the Cabinet Ministers at Downing on September 20, according to the Daily Mail's Irish news correspondent, who adds: "Only one condition is imposed, namely, on the understanding that Ireland must remain within the Empire."

The communication to Mr. de Valera, according to this dispatch, was for an early reply, and would not the approval of the cabinet of the British government, by a further exchange of notes. In order to allow time for the decision on the decision, the British government must not be in a position to be considered as a condition of the British government.

Cattle Stealing Charges

Stock Has Been Returned to Canadian Owners by U.S. Sheriff.

Edmonton, Alta.—James R. Leach, a Montana sheriff, along with the sheriff and James Mott, one of the cowboys of his outfit, were convicted of stealing cattle from the Wallaces, Ross and Webster outfits on the Alberta side of the line. Eight cattle involved in the alleged thefts have been gathered up by Montana sheriffs and turned over to their Canadian owners. Brand running was the method used in the operations, according to the evidence, and Sheriff Morgan, of Liberty County, Montana, testified that when he arrested Leach at Chester he admitted his guilt.

Increase Lake Rates For Grain Shipment

Will Cost the Farmer One and a Half Cents a Bushel More.

Winnipeg.—Lake freight on grain from Port Arthur and Port Arthur to Georgian Bay points have been advanced 1 1/2 cents a bushel this week. Officials of the vessel sailing companies say this is due to the demand from Chicago for tonnage and Canadian shippers must pay a premium to induce boats to come to the lake head for cargoes.

Grain Men Elect Officers.

Calgary.—M. J. Thorburn, manager of the Calgary branch of the N. B. West Grain Company, was elected president of the Western Grain Dealers' Association at the annual meeting held in the Grain Exchange. H. O. Hinchey, of Parkhill and Hinchey, Calgary, was elected vice-president, and D. O. McHugh was re-elected secretary-treasurer. Annual reports were reviewed and approved.

Cannot Take Snapshot of Mars.
Cambridge, Mass.—Plans of B. M. Allen, a United States scientist now in London, and Prof. David Todd, for taking snapshots of Mars by using a mirror shaft in the barrel of a special reflecting telescope, are "impracticable" in the opinion of Prof. S. L. Bailey, director of the Harvard Observatory.

Unemployment Conference.
Ottawa.—The Dominion cabinet early today will be taken toward calling a conference of representatives of the financial interests to meet with members of the employment service council at its meeting. A final decision of the matter, however, has not yet been reached by Hon. G. D. Roberts, minister of labor, in whose the resolution was addressed.

Canadian Oil Production.
Ottawa.—The oil production of Canada during the fiscal year ending March 31, was 187,216 barrels, or 6,654,371 gallons. The honey totalled \$98,163.

Greeks Still Advance

Turk Army Is Unable to Resist the Greek Forces.

Greek General Headquarters, Asia Minor.—Turkish Nationalist forces have been driven from two positions, southeast of Smyrna. The Greeks have pushed slowly, but have pushed slowly, a freedom every inch of the ground. On Tuesday night, the Turk launched still attacks and succeeded temporarily in recouping their lost positions, but have been again driven out.

Official estimates place the Turkish losses at 12,000 killed and wounded. The Greek losses are unknown, but are said to be heavy.

Send New Note

U.S. Makes Position on Mandates Clear to Allies.

Washington.—The position of the question of mandates has been set forth more completely than heretofore and especially in reference to those of classes "A" and "B," in a new note to Great Britain, France, Italy and Japan and through some of them, it is understood, has been submitted to the meeting of the assembly of the League of Nations at Geneva for consideration.

Serious Fire at Digby.

Digby, N.S.—A building, apparently down into the ashes, is the result of the "Queen's Hotel" fire, said to have been the cause of a fire which spread on approximately one-third of the town of Annapolis Royal, the oldest white settlement north of Virginia on the American continent, and one of the most beautiful residential towns in Canada.

Food For Starving Russia

First United States Relief Train Reaches Petrograd.

Riga.—The United States relief train, the first of its kind, arrived in Petrograd for the starving children of Russia, says a dispatch to the Lewis Telegraph Agency from Moscow. The vessel sailed from Hamilton, N.Y., on Monday, and the first train direct to Petrograd from Moscow.

Grain Shipments

Break All Records

Officials Show Movement Well Ahead of Other Years.

Winnipeg.—All previous records for volume and early shipment of grain over the Canadian Pacific Railway have been broken by the first train this season.

Wheat and other grains arrived and up to this time has passed the eight million bushel mark and that in 1914. It is noted, however, for repeated mention in Montreal, N.Y., where 6,410 cars have been loaded, totaling 7,400,354 bushels, and 280 cars of coals, grain, hay, etc., and shipping, and the volume of many forests in putting the grain on the market with no delay is responsible for the heavy movement.

Preparing For Elections

Once Dissolution Takes Place and Writs Are Issued These Men Will Only Routine Work.

Charlottetown.—The necessary preparations for carrying out the coming general election is all ready. "Once dissolution takes place and the writs for a general election are issued, there will remain the need for expediting all the necessary forms and documents to the returning officers in the various constituencies. At the office of the chief electoral officer, preparations have been made for despatching the necessary forms immediately the writ is issued and election officers throughout the Dominion will at the same time receive full printed instructions as to their duties."

With the exception of Saskatchewan and Prince Edward Island there already exist in the different provinces, lists of voters which will be used as the basis of lists to be prepared for the coming general election. In each case the lists will be brought up to date as provided by the Dominion Elections Act, revising officers and registrars being appointed as required.

Every dollar spent in your home town is a boost for the community.

Western Newspaper Changes Ownership

Capt. T. Howard H. who has taken over the control of the Milwaukee Mail.

A change affecting one of the brightest of Saskatchewan's weekly newspapers recently took place, when the ownership of the Milwaukee Mail passed from the hands of R. G. Adams to Capt. T. Howard H. The new proprietor of the Milwaukee Mail comes from Des Moines, Iowa, where he occupied the position of stocks manager in one of the largest newspaper concerns there. Capt. Howard H. arrived in Regina after taking the Milwaukee Mail. He was assisted in this work by Edward F. M. Anderson and Newcomb P. M. Anderson. He and his active services on the Senate, Finance and Champagne fronts, and took part in the last two German offensives. Capt. Howard H. was decorated with the M.C. for gallantry and distinction in the last two German offensives. He is now in the last two German offensives. He is now in the last two German offensives. He is now in the last two German offensives.

Uprising in Nicaragua Quelled.

Managua, Nicaragua.—Violent and energetic action by the Nicaraguan government in sending 3,000 well equipped troops to the Honduras frontier has completely quelled a revolutionary uprising there.

It is declared that if the revolution had not been promptly suppressed, it would eventually have involved several Central American republics.

Subscription: \$2.00 per year

U. S. Postage: \$2.50 per year

Wednesday, September 7th, 1921.

We welcome to our craft a new member this week in the person of Mrs. N. M. Aylesworth who has taken over the management of the Olds Gazette. The Gazette presented a much better arrangement and also an improvement in its news columns. The Pioneer wishes Mrs. Aylesworth every success in her new venture.

Just as long as the other fellow tries to make his fellow man bear the whole burden of reductions in the cost of living instead of sharing them, just so long will it be before we get down to sane thinking and living. Labor says that capital must reduce their dividends to pay them their present high wages—capital says they are getting no dividends, and their factories are shutting down and that they have already taken big losses but that labor is not willing to meet them. What is the answer.

The announcement of a Federal election has cooled the outs to explain in holy horror against an election before redistribution, their supporters in newspaperdom as usual calling down Premier McPherson and his government for the very thing that they have been loudly calling for the last two years—a general election.

No matter who is elected they cannot change at once the economic conditions of the world. Free trade, moderate free trade or a tariff as high as Haman's gallows cannot alter world conditions as they exist very much at present. The people themselves have got to learn that only by hard work and strict attention to their own income and outgo can this old world be made to yield them a decent existence. The time for easy money and little work has passed and no matter what government is in power the laborer has to be paid for and world economic conditions adjusted before our existence will settle down to normal.

BENEFICIAL EFFECTS OF SCHOOL FAIRS

School fairs are to the boys and girls of the land what the larger fairs are to adults. By this time they should be thoroughly organized, prize lines published and circulated and programmes of proceeds arranged and prepared, the two indeed given in one publication. These fairs increase in number every year and are proving of inestimable value in the agricultural education of the young and even in beneficially influencing the more mature. Of course boys' and girls' clubs are the principal feeders of the fairs, but entries are usually accepted from children who are not members of any such organization. Agricultural representatives all testify to the splendid effect the fairs are having upon farm life and agricultural pursuits generally. One, for instance, writes: "I do not know of any one thing which is a greater factor in improving the farm production and the farm industry of the country than the school fairs....In addition to bringing direct, practical results, school fairs have had a very effective influence in encouraging teachers to take up the teaching of agriculture in the public schools." Another says: "The importance of the school fair cannot be overestimated. It teaches our future farmers how they can take the most out of the soil. It makes our rural people better and happier." In recognition of the truth of the old adage "All work and no play makes Jack a dull boy," a programme of sports is usually included in the days list of proceedings.

Erected Peace Arch

BLAINE, Wash., Sept. 6.—Ten thousand persons witnessed today the raising of flags over the international Peace Arch here on the Canadian-United States border and heard the formal ceremony by which the gates of the portal were thrown open to symbolize the neighborly relations between Canada and the United States. Under the chairmanship of the Hon. Samuel Hill of Seattle, president of the Pacific Highway Association, many prominent citizens from both sides of the border took part in the public ceremonies and spoke of the spirit which found expression in the erection of the arch.

Canadian and United States representatives exchanged flags, which were unfurled over the massive structure while the bands played the national anthems. Later the flags of France and Belgium were added to the display with appropriate ceremony. Copies of congratulatory telegrams from Premier Hughes and President Harding, King Albert, President Borden and diplomatic representatives of China and Japan were deposited within the walls of the arch, as well as copies of the replies and relics of early pioneers on the Pacific coast. These will be left for a hundred years, if present plans hold, for their historical interest.

Ex-Governor Oswald West of Oregon said that the leadership in the world peace movement would come from the western half of the American continent, and it was appropriate that the first international peace portal should be built on the shores of the Pacific. Lieut. Gov. W. J. Coyle of Washington made a comparison between the warlike motive which prompted the erection of the Arc de Triomphe in Paris and the century old animosity which the present gateway was founded. Premier John Oliver of British Columbia; Mayor R. H. Gale and R. Rowe Holland of Vancouver spoke on behalf of Canada, emphasizing their belief that the arch and the movement which had resulted in its erection represented the solid sentiment of Canadians.

Elkton Man Raises Good Seed

One of the most interesting exhibits at the recent Fair was the big collection of seeds of all kinds exhibited by Mr. Thos. H. White of Elkton. This collection comprised seeds of all kinds of flowers and vegetables, some of which it has been thought could not be harvested in this district. However, Mr. White, who is an old country gardener and poultry raiser, has demonstrated that with the knowledge of how to do it this can be done very successfully. His sweet pea, carrot, parsnip, turnip as well as all kinds of grain seed was an interesting exhibit and his efforts in putting the Elkton district forward as a mature seed producing section should be appreciated.

He won a great many prizes for grains, grasses, vegetables and seeds, no less than ten firsts and nine seconds falling to his share of the prize money. He did not have an exhibit of poultry in at the local fair as the classes were not arranged to give him a good chance to exhibit. He was one of the poultry judges and gave entire satisfaction.

YEARS AGO people used to make themselves heard by shouting from the house tops. If you tried that to-day you would probably have to appear before a commission in insanity. NOW—ADVERTISE the business man uses our Want Ads.

AUCTION SALE

Under instructions from A. A. Talbot, I will sell by public auction on **SATURDAY, SEPTEMBER 24th**, at 2 o'clock at his residence on Shantz Ave., one block north of W. G. Olesener's residence, the following:

BEDROOM FURNITURE
3 Walnut Bed room springs; 3 Walnut bedroom dressers; Solid oak centre table; Walnut Centre table; 2 Washstands; Bedroom mirror; Bedroom curtain; Curtain rods; 3 Bedroom sets; Quantity of Bed room rugs; Curtains; Window blinds; 2 Water sets; Vases; 4 pr. Skates; Pictures; Silverware; 2 Bed room rockers; Mats. Quantity house plants.

PARLOR
3 Piece mahogany parlor suite; Carpet sweeper.

KITCHEN
Churn dash; Step ladder; Refrigerator; Downwell washing machine; Winger; Washboard; Galvanized Iron Wash tub; Drop leaf kitchen table; 5 Dining room chairs; Pots Pans and Dishers.

DINING ROOM
Solid oak davenport complete; 5 leaf extension table; Braced Iron Quebec heater 12 in.; Table lamp; 2 Wicker rocker chairs and table. Jardiniere table; Combination book case and secretaire in solid oak; Large quantity of linens; Linen, dining room 9x12.

CARPENTER TOOLS
Level, spirit, 10 foot, Stanley 26 in.; Brace and bit; 10 Beading Planes; 2 Carpenters aprons; Beach vice; Saw chain; Slick; 2 Cross cut saws; 5 ft. Lather's hatchet; Chisels; Gauge chisels; Extension bit; Files; Set taps and dies; Rabbit plane 14 in.; One and a quarter inch auger; 1 in. auger; 2 Sets 1 in. rope blocks; Draw knife; 3 sets half in. rope pulleys; Carpenter's mallet.

A cordial invitation, a hearty welcome. A. A. Perry, Minister.

Why Are So Many People Wearing Glasses?

Because people are rapidly learning the value of comfortable vision, and learning too, that keen vision is not a proof of perfect eyes.

The list of disorders caused by eye-strain is a long one, including headaches, dizziness, nausea, indigestion and many others.

If you are a sufferer, and cannot locate the cause of your trouble, permit us to examine your eyes. Our examination will reveal any hidden defect of the ocular system.

M. M. Mecklenburg OPTOMETRIST

Will be at the Rosebud Hotel, Thursday & Friday, September 29th & 30th.

World Happenings Briefly Told

The U.S. Government is now selling 200 wooden ships for \$2,100 each, a mere fraction of their cost.

Farmers in the Western States are killing cattle to sell in the Omaha market for \$7.50 a hundred pounds, the lowest since 1911.

Jeanne Dusseau, the French-Canadian soprano, is among the new stars who have been engaged by Mary Garden for the forthcoming season of the Chicago Opera Company.

Work on construction of the Lehigh Northern Irrigation project is proceeding rapidly and it is now certain that the contract will be finished well within the time allowed.

That Canada is probably as well able to face the future as almost any country in the world, is the effect of a statement made by Sir Robert Kindersley, governor of the Hudson's Bay Company, cable to Winnipeg.

A German official note deprecates reports which have been in circulation to the effect that the German finance ministry was preparing a memorandum intended to prove the impossibility of Germany making further reparation payments.

More than 5,000 persons saw Eugene M. Stafford, of Boston, a balloonist, fall 600 feet to his death at the North Adams, Mass., fair. The web belting attaching him to his parachute broke as he changed parachutes. Stafford was giving an exhibition of the double parachute drop.

At the National Exhibition at Toronto, Manulife made a good showing in butter. The Shool Lake Creamery won second in the special prizes for highest score in the group of claves for 14-pound boxes of creamery; 50 pounds unsalted creamery; and 20 pounds creamery bricks.

The bones of two more dinosaurs will shortly be shipped to Toronto from Red Deer Valley, where they were clipped out of rock this summer by workers under the direction of Dr. W. A. Parks. They will be added to the paleontology section of the Royal Ontario Museum.

Do you know what constitutes a strong constitution?

To have sound, healthy nerves, completely under control, digestive organs that are capable of absorbing a hearty meal, means you have a strong constitution! Your general attitude is one of optimism and energy.

But an irritable disposition, frequent attacks of indigestion, and a languid depression, indicate your system is not in correct working order.

Probably you are not eating the proper food. Probably the nutritious elements are not being supplied to your system in the proper way.

Grape-Nuts is the wholesome, delicious cereal that promotes normal digestion, absorption and elimination, whereby nourishment is accomplished without auto-intoxication. A mixture of energy-giving wheat and malted barley comprise the chief elements of Grape-Nuts. A dish at breakfast or lunch is an excellent, wholesome rule to follow.

You can order Grape-Nuts at any and every hotel, restaurant, and lunch room; on dining cars, on lake boats and steamers; in every good grocery, large and small, in every city, town or village in Canada.

Grape-Nuts—the Body Builder
"There's a Reason"

No Need to Worry.
"Jacob," squealed Rebecca, "I must run for the doctor! They has just wallowed that coin you gif him!"
"Don't waste your money, woman," replied Jacob, soothingly. "It wasn't a coin—it was only a brass button."

PAINFUL DIARRHOEA

CRAMPS IN STOMACH

Mr. Fred Fumston, Craik, Sask., writes—"A year ago last harvest I was taken with a sudden attack of diarrhoea which completely laid me out, and in a few hours I had to quit work. I was in such great distress. At last I got a chance to send to town for a couple of bottles of Dr. Fowler's Extract of Wild Strawberry. I used it according to the way I felt and soon obtained a great change for the better, for which I was very thankful. I don't know what the cause of my sickness was except the extreme hot weather and the active work of stocking the wheat."

Several of my neighbors were taken in the same as myself and had the doctor attend them, but they didn't get any great relief until I advised them to use "Dr. Fowler's," when they soon experienced a great change. Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 76 years and many cheap imitations are being offered to the public.

Be sure and get the genuine put up only by The T. Milburn Co., Limited, Toronto, Ont. Price, 50c a bottle.

Moving to British Columbia.

It is announced that Curtis McCready, of Montana has just been in British Columbia making a selection of lands in the central section of that province, into which he will move one hundred families this fall from Montana and Idaho.

Corns cannot exist when Holloway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Iceland is the largest civilized country on the globe without railways.

A widow always tries to console herself, with the belief that she can't do any worse the next time.

A Novel Sport Coat

By Marie Belmont.

The sport coat appears in many a different guise, for it has various functions to fulfill. Sometimes it is demanded by the woman who goes in strenuously for athletics, or it may be worn by she who watches the players. This rather redemptive model belongs to the latter class. It is made of yellow flannel. The fronts, which are extended at the sides to form pockets, are outlined with bands of black crepe. The cuffs are similarly adorned. The collar is high and is enriched with black wool embroidery. This also appears on the sleeves, which are very wide.

Time and Tide is the title of a London newspaper owned entirely by women.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mrs. W. Beesley, Mille Roché, Ont., writes "I have used Baby's Own Tablets for the past eight months and would not be without them. I used them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Beesley says thousands of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

An invalid in Paris receives by air service from London a daily supply of a special kind of bread.

Minard's Liment used by Physicians

Very Discouraging.
Willie—I should think sister would rather have you call to see her than Mr. Thompson.

Mr. Skowbo—That's nice of you to say so. Here's a quarter.
Willie—Yes, she says Mr. Thompson always nuzzles her hair so.

The skin of the reindeer is so impervious to the cold that anyone clothed in such a dress, with the addition of a robe of the same material, may bear the intensest cold of an Arctic winter's night.

Catarrhal Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood upon the mucous surfaces of the system. HALL'S CATARRH MEDICINE gives the patient strength by improving the general health and assists Nature in doing its work. All Druggists. Cautious free.

In the far Arctic, summer brings a spell of continual sunshine heat and myriads of insects, and there, for a matter of ten or twelve weeks, bird life is more plentiful than anywhere else on the earth.

Keep Minard's Liment in the house

W. N. U. 1385

Was Flat On His Back In Bed A Whole Month, Declares Thompson

"The very first few doses of Tanlac I took made me feel better, and now my stomach seems just like a new one," said Samuel Thompson, 172 Peters ave., Winnipeg, Man.

"I was in very bad shape before I got Tanlac. My health broke down a year ago, and I got to where I was little more than a physical wreck. I was flat on my back in bed for a month, and when I got up the life of me seemed to be gone. I hardly had strength enough to get around, and my appetite was very poor. I soon

commenced suffering from indigestion so bad I just hated the thought of eating, for my food soured and I was kept bloated and in agony all the time. "I finally started taking Tanlac, however, and by the time I had finished my second bottle I was eating heartily. I've taken five bottles now and can eat and enjoy anything I want and feel as well as I ever did in my life. I am glad to recommend Tanlac, for I believe it will help anyone suffering from stomach trouble."

Tanlac is sold by leading druggists everywhere.

Co-Operative Organizations

The number of shareholders in Saskatchewan Co-operative organizations at the end of 1920 totalled 18,894. The paid-up capital invested has increased from \$462,351 to \$466,000. During the year 54 associations marketing livestock shipped 912 cars, the receipts from which amounted to \$1,429,309. The value of farm produce marketed through the associations amounted to \$89,220. The total value of supplies sold amounted to \$5,885,385, compared with \$4,506,181. The aggregate turnover of the associations, including livestock, increased from \$6,189,591 to \$7,314,095, an increase of \$1,125,103.

It Testifies for Itself—Dr. Thomas' Electric Oil needs no testimonial of its powers other than itself. Who-over tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, will know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

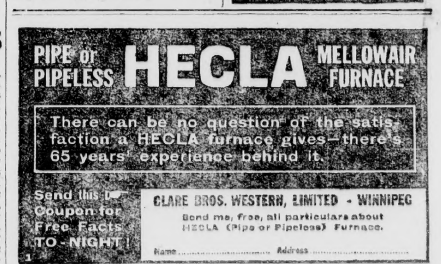

King Albert, of the Belgians, is the first monarch to be decorated by the British Government with the Distinguished Flying Cross.

Publishers' Costs Mounting.

The postmaster-general has notified newspaper publishers that the rate of postage on newspapers sent from the office of publication will be doubled on and after the first of January next. There was a big increase in the rate last January and now it is to go up again. The printers' costs are mounting rather than diminishing—From the Crafts Packet.

The Endurance of Your Automobile, Truck, or Tractor

Depends not only upon the time of Lubrication, but the kind of Lubrication.

WHITMORE'S AUTO GEAR PROTECTIVE COMPOSITION

Adds 500% to Gear Life. Thousands of tests have been conducted by Lubricating experts to demonstrate the relative efficiency of various lubricants. The results of these tests conducted over years, has fixed the choice of sixteen leading manufacturers. These manufacturers include:

- The largest builder of fine cars in the world;
- The largest builder of trucks in the world;
- The largest builder of axles in the world;
- The largest builder of worn gears in the world.

Many lubricants contain acid. They not only fail to counteract friction, but are themselves harmful and corrosive to gear and bearing surfaces.

Whitmore's Auto Gear Compositions Contain No Acids.

They are proof against heat and cannot break down or secrete out. In the Panama Canal Emergency Dam, six million pounds rest on an unbroken film of WHITMORE'S.

After an exhaustive test the U.S. Army contracted for its exclusive use. Manufactured by The Whitmore Manufacturing Co. Lubricating Engineers, Cleveland, Ohio.

A trade was made in the butcher business recently whereby Messrs. Cook and J. A. Alexander traded their butcher business in town with Messrs. J. E. Blackley and J. E. Bolton of Bassano, who formerly conducted a butcher business in that town. The new proprietors of the local shop have now taken over the business while Messrs. Cook and Alexander have gone to Bassano.

Mr. H. J. Tuggle, of Los Angeles, California called at our office on Monday for a talk over old times and conditions. He states that conditions in California are very much the same as they are here, very quiet in business circles but he is very enthusiastic about the climate and has enjoyed very good health since locating there. He left again for his home at Los Angeles on Tuesday.

AROUND THE TOWN

If you want to hear a good story ask Mrs. Axtell or Mrs. Revell.

Miss H. MacMillan of Calgary is visiting with Mr. and Mrs. R. P. Croftland.

Mrs. Taylor, matron at the Didsbury General Hospital was a week end visitor at Calgary.

The W. C. T. U. wish to thank all who so liberally donated towards the dinner served on Fair Day.

What a disappointment to Mr. Bear who was hunting for moonshine and found only a bottle of milk.

All members of the English church are requested to be present at 11 a. m. Sunday, Arch Deacon Hayes of Calgary officiating.

Mr. Franklin Zimmerman of Col. Ingwood, Ont., brother of Mr. W. O. Zimmerman, arrived here on Tuesday on a visit with Mr. and Mrs. W. O. Zimmerman.

Mrs. H. R. Aikenhead of Calgary, wife of Mr. H. R. Aikenhead, who owns the vulcanizing plant, arrived on Saturday and will make her home here for the future.

Jim McGhee, the local C. P. R. magnate left last week for a holiday at Vancouver. Harry Matthews will be the goat for all our railway troubles while Jim is away.

The dance advertised for Thursday night in the Opera House has been postponed until Friday night Sept. 16. Pictures will be shown Thursday and Saturday nights.

Special services will be held at the Zella schoolhouse on Sunday Sept. 18th, at 11 a. m. and 8 p. m. Monday Tuesday and Wednesday, at 8 p. m. bible teaching by Mrs. E. R. York, Toronto.

A change has been made in the Provincial Police force at Olds. Const. Naylor has been transferred to Irricana while Const. Jarman who has been stationed at Irricana has been brought up to Olds. Const. Jarman will also have charge of this district.

Dr. Mecklenburg wishes to announce that as he will be visiting at Grande Prairie, Peace River and the Oil fields in October and will not again be in Didsbury until late in November and asks those who wish to consult him to be sure to do so at his next visit to Didsbury, on Sept. 29th and 30th.

Dr. Geo. R. Kennedy of Kennedy and Innan, Palmer Graduate Chiropractors, of fourth floor Elma Block, 132-8th Ave E. Calgary will open a branch office at the Rosbud Hotel, Didsbury, every Monday, Wednesday and Friday morning from 10:30 to 12:15, commencing Monday September 12th.

If the weather is fine next Wednesday this paper will be one day late in publication. The Editor, Assistant Editor, devil and the office cat will attend the ceremonies of copping the baseball championship between Didsbury and Medicine Hat on that day, so please don't get peeved.

A. G. STUDER

YOU CAN SAVE MONEY ON NEXT WINTERS COAL ---IF YOU BUY NOW.

With the price of coal at the mines at the lowest point for the year and a special low freight rate you can buy coal now at very attractive prices.

AND GET THE BEST COAL TOO

Remember that when the fall rush begins the mines can't always take time to give the coal as careful preparation before shipping as they do now.

These special price and quality concessions are good only between now and August 31st.

Get in on these advantages NOW.

DIDSBURY, - - - ALBERTA.

Heavy Wool Worsted Stockings. This is a very firm knit 2-1 rib. The weight is not all in the leg; feet, too, are knit tight but soft. Size 6 50c pair up to size 8 1-2 to 10 are 75c a pair.

Penman's Fleece Lined Combinations. For boys and girls. It's a lovely garment; well shaped and good fitting. 22 to 34. Per suit \$1.65.

Penman's Heavy Wool Combinations. For boys who are out doors more or less this ought to take well. It is a very heavy ribbed garment yet very elastic and soft and easy to wear. 26 to 34. Suit \$2.00.

White Flannelette also Plain Grey. It's a long time ago since we sold this quality of flannelette at this price. But we are selling it to nine out of every dozen customers who see it. In fact some buy it by the half bolt. 20c a yard, extra wide 25c.

Flannelette Blankets. Flex band. That's the very best quality made. In grey and white; pink and blue borders. 11-1 size \$2.75. 12-4, the extra large for double bed, \$3.75.
